PRESS RELEASE

## Sortera acquires O'Donovan Waste Disposal Ltd in London and strengthens its international presence

**Sortera continues to grow internationally and is now acquiring a new company through O'Donovan Waste Disposal Ltd, one of the leading companies in London in collection and recycling of construction waste, with about 100 employees.**

The acquisition of O'Donovan is the first in U.K and is part of Sortera's effort to expand in Europe's major cities and to become one of Europe's leading companies in collection and recycling of construction waste.

"We are very happy to now join forces with O'Donovan. For a long time, they have carried out impressive work, to become one of the leading and most prominent construction recyclers in London. O'Donovan has a strong customer focus and their systematic work with environment and health and safety has resulted in several prestigious awards, as well as a strong reputation among both customers and employees. I am proud to grow Sortera with a company who share our values of strong customer focus and a sustainable approach to business. We wish all employees at O'Donovan a warm welcome to the Sortera family", says **Sebastian Wessman**, CEO of Sortera.

"I look forward to continuing to develop our business in the UK with Sortera as a strong owner who understands and appreciates our work with sustainability, quality and health and safety. Sortera will give us the right preconditions to continue our successful development path and to enable new investments and development initiatives", says **Jacqueline O'Donovan**, Managing Director of O'Donovan.

The acquisition of O'Donovan marks an important milestone in Sortera's history and is an important step to realize our strategy and ambition to become a leading construction recycling company in Europe. O'Donovan is part of Sortera from 2 June 2022. This is Sortera's 17th acquisition since it was established in 2006. With the new acquisition, Sortera's new turnover will increase to SEK 2 billion.
